TEMPEST STUDIOS

Tempest Studios can provide Canadian CCCR2001 compliant designed labels that still remain true to your branding and messaging.

We design and produce packaging labels that are eye catching, meet regulatory requirement and are dual language compliant.

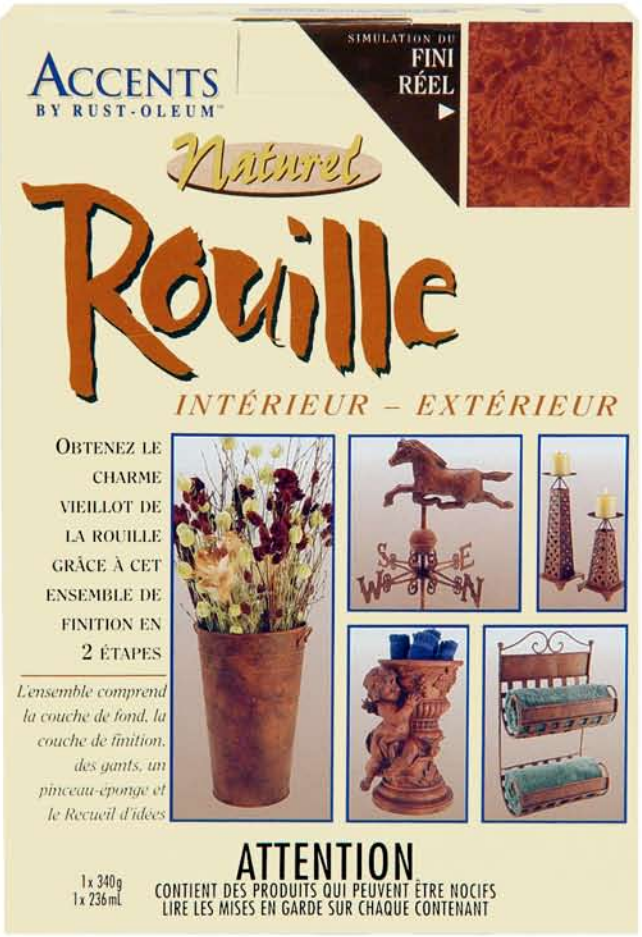

Our 20 year background is in Corporate and Municipal marketing, Chemical Container design, Food and Retail Hardware Products POP.

We can also provide 3D rendering and animation of labels for retail graphics, website and broadcast to assist with launch/rebranding campaigns.

We are very strong in the design of POP and retail displays, can handle print production and pride ourselves on fast turnaround and staying within budgets.
